

Chameleon Rack System

Chameleon is NuMedia's 1U rack system for NuMedia's range of DIRAC-Pro cards. Chameleon can accommodate up to 4 cards. Dual power supply comes as standard. Provides control via an IP network to control and manage the DIRAC-Pro cards fitted. Card parameters can be controlled locally or remotely via Ethernet by

connecting the unit to a laptop or PC and opening up the resident web page and browser. Each card is supplied with a fixed IP address but can be configured to accept a DHCP address if required

Features

- 1U Frame
- Supports up to 4 NuMedia DIRAC-Pro cards
- Dual Power Supply
- Fan cooling

Applications

Efficient housing for DIRAC-Pro cards in studio, central equipment areas or OB applications
